Terms and Conditions | नियम और शर्तें

1. Special terms and conditions- Version:2 effective from 27-07-2023

1.1 SPECIAL TERMS & CONDITIONS FOR AUTOMOBILES

The following Special Terms and Conditions (STC) will be applicable for the Automobile categories mentioned below for enlisting of products in GeM market and for procurement through Direct Procurement mode only. The STC would supersede the General Terms and Conditions (GTC) in respect of the conditions mentioned below for the below categories.

Automobile Categories

- Ambulances - R
- Automotive Chassis Fitted with Engine
- Built Up Trucks (V2)
- Buses
- Cars (V2)
- Troop Carrier Police Vehicles
- Two Wheeler - Motorcycle, Scooter and Moped (V2)
- Utility Vehicles (V2)
- Water Truck Cabin Truck with Water Tank

Special Terms and Conditions

- Only manufacturers of the vehicles are allowed to upload their vehicle models in above categories.
- Manufacturers must give/ensure below mentioned minimum discount on the prevailing MRP across all locations while enlisting their products on GeM:

Sl. No	Vehicle category	Minimum Discount percentage
1	Ambulances-R	12%
2	Buses	20%
3	Automotive Chassis Fitted with Engine	15%

4	Built Up Trucks (V2)	15%
5	Troop Carrier Police Vehicles	15%
6	Water Truck Cabin Truck with Water Tank	15%
7	Cars (V2)	12%
8	Utility Vehicles (V2)	12%
9	Two Wheeler - Motorcycle, Scooter and Moped (V2)	12%

Seller may also offer additional slab discount for higher quantity.

- Presently, the portal does not provide for uploading of the same catalogue with different MRP for different locations. Therefore, net prices inclusive of discounts shall be indicated by manufacturers while offering their products on GeM. The seller may quote freight charges extra on per km basis or include freight charges in the total price offered for the catalogue. In both the cases, the seller will indicate applicable freight charges in the catalogue (zero in case freight is inclusive). The vehicle for Defence Buyer will be quoted separately with suffix "Defence" against each model.
- In the scenario where the freight charges are quoted separately, the freight charges shall be calculated by the seller at the time of invoicing by multiplying distance with freight per KM indicated in contract specification. After supply of vehicles, the seller while submitting the invoice will indicate the freight amount at actuals subject to upper ceiling of freight charges as worked out by multiplying per KM freight charges with distance as mentioned above. The Contract will indicate the total amount inclusive of all taxes only without freight charges. Therefore, while blocking the amount, additional funds in the range of 2% to 14% shall be blocked over and above the total price inclusive of all taxes to cover the fund requirement for freight charges on approximate basis.
- In the scenario where the freight charges are quoted as zero by the seller in the catalogue and price on the portal are inclusive of freight charges, the Contract will indicate the total amount inclusive of all taxes and freight charges. Therefore, while blocking the amount, buyer may select 0% as the additional funds to be blocked over and above the total price.
- Seller can decline the order in case the freight charges payable by buyer are less than applicable and incident for this denial of order will not be raised by the buyer and will not be entertained by GeM. Therefore, buyer is advised to select appropriate percent of freight charges while blocking the funds. However, the payment of freight charges to the seller would be as per actuals and is not linked with percent of funds blocked in lieu of freight charges.
- Delivery Period shall be 90 days. Delivery period for Built-up Vehicles like Ambulances, Troop Carriers, Water Tankers, Buses, and Built-up Trucks shall be 120 days considering extra time involved in fabrication. OEMs shall ensure that the prices offered on GeM by them for a particular model is the lowest and no supply shall be made to any Buyer, Government or Private, at a price lower or equal to that of GeM. In case of violation of this, GeM administration will review for removal of the model from GeM including other action as stipulated in General Terms and Conditions of GeM.
- All manufacturers of Automobiles may upload their vehicles on GeM as per above guidelines. These guidelines are applicable only to GeM and Government Buyers shall utilize the portal for making on-line purchases through GeM.
- Ceiling of direct buying as mentioned in GTC will not be applicable for vehicles under above Automobile categories. As such, buyers may go for Direct Purchase even beyond Rs. 25,000/- for these categories. For any bulk purchases, a comparison of rates and discounts may be made for similar vehicles and bidding may be considered as the preferred option.
- No Buyer other than Defence Buyer will select vehicle with suffix "Defence". In case Buyer does so, the responsibility for non-supply of vehicle rests with Buyer. Seller can decline the order in this scenario and incident for this denial of order will not be raised by the buyer and also will not be entertained by GeM.
- No Government Buyer Central/State/PSU/Autonomous body/Academic Institute/Local Bodies etc. shall place any order at GeM prices outside GeM. Buyers shall note that prices on GeM are only applicable if the procurement is made through GeM portal. Using GeM prices for procurement outside GeM portal is strictly prohibited. Such action will violate the basic principles of transparency and accountability enshrined in GeM.

Note

- Even though direct purchase is permitted for the above-mentioned categories, buyer may decide to go for bidding as per his requirement.
- In case of bidding for the above-mentioned automobile categories, buyer is advised to exempt the OEMs from submission of Earnest Money Deposit and Performance Security.
- Freight charges shall not be paid as additional amount in case the procurement is done through bidding process since price offered in bidding is on free delivery consignee place basis.
